

ROHS Certificate of Conformity

Saint-Quentin-Fallavier, August 28, 2025

Dear Madam, Sir,

As distributors, according to the ROHS regulations, we have to make the provisions for the ROHS 2017/2102 regulations.

Given the various information collected from manufacturers and in compliance with a drastic regulatory watch, we can certify that only the meters we put on the market are concerned by this regulation, due to the presence of electrical or electronic equipment.

We ensure that the products we market ensure safety, energy efficiency and respect for the environment and we are committed to promoting and complying with all environmental regulations and regulations, guaranteeing the continuity of our supplies.

In addition, we keep the technical sheets of the products we distribute up to date on our www.sferaco.fr website and our teams remain at your disposal.

Please accept, Madam, Sir, our best regards.

Mr Nicolas BILLIARD
Quality Purchasing
Director
