Furthermore article 33 of the regulation obliges the supplier of a product which includes a substance of the "candidate list" in a concentration > 0.1 % (w/w) to inform its consumers with at minimum the name of the substance. Therefore declarant controls on a regular basis whether its suppliers fulfil their obligations under the REACH regulation regarding declarant products / systems.

Compliant with the requirements imposed by RoHS, declarant hereby declares based on information provided by its suppliers that our products falling under the scope of RoHS do not contain any of the hazardous substances restricted by RoHS in concentrations exceeding the maximum levels defined in Annex 2 of RoHS.
